OFFICE OF LEGISLATIVE COUNSEL

Monday - 12 April 1971

2. (Internal Use Only - JGO) Met with Miss Judy Morrison, Senate Foreign Relations Committee staff, who returned to me the FBIS paper "Khrushchev's 'We Will Bury You'" for inclusion in the transcript of the Director's testimony of 29 March.

3. (Confidential - JGO) Met with Mr. Dan Boone, House Science and Astronautics Committee staff, who told me that Chairman Downing, of the NASA Oversight Subcommittee, is considering hearings some time next month to take testimony from NASA and DOD on the space shuttle. Mr. Boone indicated that Chairman Downing may well request an Agency briefing for the Subcommittee which would include the Chairman of the full Committee and chairmen of the other Subcommittees on the Soviet and Chinese space programs. Mr. Boone indicated this was merely an alert and that he would keep me advised as the matter develops.
